

Clairmont Wrestles Croken Cup From Dawson Creek in Fast, Hard-Fought Battle

L. McDonald, manager of the Clairmont hockey team, was wearing a broad smile when he arrived from the Peace River on Sunday. The reason for this was that his players, who went west on Friday's train, were successful in wresting the Croken Cup from Dawson Creek, and the coveted piece of silverware, which found a resting place in the new home in Clairmont.

According to the Clairmont boys, the cup was only won after the hardest kind of a battle on ice, which permitted of fast play all through the battle. Although both sides had many tries, they could not beat the opposing goal.

The game was exceptionally fast throughout and the fans were kept at fever heat with excitement from the start to the finish.

The Clairmont — Goal: Fred Anderson, Defense: Reg. Ireland, Gordon Forbes, and Dave Turner, Forwards: Ben Allen, "Bud" Ireland, Allan Clark, "Rusty" Black, Howard Anderson, Walter Callister.

Referee: Dr. McKee.

Later in the evening the Clairmont boys were the guests of honor at a dance.

Heavy Shipment Live Stock From North Sunday

Two trains were necessary to handle the shipment of hogs on Sunday last. The first train started from Grande Prairie with seven carloads, two of cattle and the balance of hogs. Three cars were picked up at Clairmont and nine at Sexsmith.

The second train, which started at Dawson Creek, hauled 25 cars, of which about 75 per cent were hogs and the balance cattle.

Prices for hogs were firm, \$0.35 being paid for bacon. With the season ended, this meant that the average was \$0.50.

The high quality reached in previous shipments from the north was well maintained in the last shipment.

J. E. Deakin, road superintendent, informed that the two trains would arrive at the Edmonton stock yards with 25 carloads of stock.

It is understood that there are many hogs in this country on feet, so that heavy shipments can be looked for during the winter months at least.

SPEAKER OF THE HOUSE

PIPESTONE CREEK

PIPESTONE CREEK, Jan. 28.—So long since there's been time to write up the news from this district that there has been no opportunity to tell you of an amusing incident on the river last fall. There were three men out in a boat on the Wapiti—An Englishman, an Irishman, and a Scotchman. The oars were lost and the boat was being swept towards dangerous rapids. The Irishman raised his voice in prayer, the Englishman took off his hat as a mark of respect, and the Scotchman, thinking that the Englishman was going to take up a collection—jumped overboard.

There may be some real tragedies soon, as everyone is starting to put up ice. The usual practice is to leave the resultant hole wide open, and every year a horse or two and some cattle dive in.

Straw haulers are busy now. They include the Riggs, Charlie Rutherford and Vic Elliott. The latter is hauling a 1254 rack, shifts straw piles in a move. Wood haulers include G. Stoll, who is hauling a mountain of wood on his roadster for H. Hodgson's saw.

COAL BUSINESS GOOD; EXTRA GANG ON
The cold snap has created a keen demand for the black diamonds and haulers and haulers have been working overtime. The store is making two trips to Grande Prairie this week with coal. Wapiti coal appears to be in demand as far away as Hester and Hylle and the haulers have been unable to meet the demand. It is felt that it will be necessary to ship carloads to those points further afield.

There are three mines producing genuine Wapiti coal—Schneider & Lookill, Mitchell Bros. and Able Augustine. Enquiries and orders for coal can be addressed direct to the mine or to the Postmaster, Pipestone Creek. Coal is delivered to Grande Prairie for \$5.50 and to Wapiti for \$6 per ton.

The mines are now running both day and night shifts in an effort to keep up with the rush and many extra men have found employment.

ANTARCTIC FLIERS RESCUED BY BRITISH EXPEDITION

The rescue of the two fliers Ellsworth and his Canadian co-pilot, Hollick-Kenyon, by the British ship Discovery II is hailed with delight by the peoples of half the globe. The two aviators set out from the Weddell Sea to fly over the Antarctic continent, but ran out of fuel at the end of the long flight. A message of distress sent out from the plane was received by the British and Australian governments and found the men near the Bay of Whales. Above left is a picture of Lincoln Ellsworth, and at the right, the Discovery II. Below is a picture of the plane in which the two fliers made the daring flight.

SCENES IN AIRLINER CRASH IN WHICH 17 LIVES, CREW AND PASSENGERS, PERISHED

GOODWIN, Ark., Jan. 15.—When the sun rose this morning over a dismal Arkansas swamp near here, it revealed an appalling scene of twisted steel and wreckage (see top picture), where a transcontinental airliner had crashed, killing 17—five women and a dozen men. Mud and water hampered the work of rescuers removing the bodies of victims (shown in lower picture) and made it impossible that the cause of the disaster would be determined.

The luxurious Douglas twin-engine ship, en route from New York to Los Angeles, left Memphis about 7 o'clock last night for Little Rock, 25 minutes away, but about 25 minutes later it had ripped down into the trees and mud, where it lay until midnight, when a band of five volunteer searchers found it.

Was in Good Shape. The "Southern" took off with its 14 passengers, two pilots and stewardess in good weather and apparently in good mechanical shape. Radio communication between the plane and its ground station was maintained until four or five minutes before the estimated time of the crash.

The last report was an "all's well" sent from 3,000 feet at 7:15. The Department of Commerce and operators of the line which began service over this particular route just a year ago Tuesday, today sought to find in the shredded remains of the big plane a clue as to what happened in those fateful few minutes before the airliner hurtled to destruction.

Bodies Scattered. The bodies were scattered for more than 100 yards through the swamp, which was difficult of access.

The plane was literally torn to pieces, its luxurious cabin ripped apart, the wings sheared off as it smashed through the trees.

Many of the bodies that lay in the swamp were mangled beyond recognition.

The number of pedigree certificates registered by the Canadian National Live Stock Records, approved by the Dominion Minister of Agriculture during 1935, was 70,740. Of that number, 3,440 were horses, 20,120 cattle, 12,183 sheep, 7,840 swine, 7,907 foxes, 7,898 dogs, 1,215 poultry, and 120 goats.

FAMOUS EMPIRE POET ANSWERS DEATH'S CALL

Rudyard Kipling, whose books and poems are famous the world over, died Saturday, January 18. He had been in ill-health for some time and finally an emergency operation was necessary. This picture of the famous author and Mrs. Kipling was taken when they went to Eastbourne to meet a group of Canadian school children touring England a few months ago.

Kipling Now Rests In Poet's Corner of Westminster Abbey

LONDON, Jan. 18.—The body of Rudyard Kipling, Britain's renowned poet and author, who died Saturday morning last, today was placed in its final resting place in Westminster Abbey, where lie the remains of many of the Empire's famous men.

Kipling was buried in the poet's corner, and the funeral service was held at noon.

The noted writer died at the age of 70 five days after he underwent an operation for a perforated stomach ulcer.

The British museum disclosed that Kipling, shortly before his death, gave it the manuscript of "Kim," probably the greatest as well as one of the most popular of his longer works.

The poet asked the museum not to make public announcement of the gift until after his death.

Body Cremated. Before burial the body was cremated. Many tributes were paid to the writer, whose tales and poems made him one of the world's most widely-read authors of all time. Bernard Shaw said Kipling was "a great story teller who never grew up" and a "great figure in what may be called imperial literature."

Kipling's Fortune About \$3,750,000. The fortune of the late Rudyard Kipling was estimated at \$3,750,000 (approximately \$3,750,000). "The Jungle Books" alone brought him an income of more than \$10,000 annually, it is said.

Kipling's Drawing. Kipling's ability in picture, as well as in word, is recalled by Francis Cecil Whitcomb, of Vancouver, in a discussion of the writer's dual ability with the pen in the current issue of the Journal of the Canadian Bankers' Association. Mr. Whitcomb says:

"Prior to the appearance of Just So Stories, the world had known Kipling as a novelist, a short story writer and a poet; an artistic magician of parts. But, without warning, to produce an entirely different art was made in the form of a picture."

Some might submit that this was not so surprising from the son of John Lockwood Kipling, the creator of the beautiful illustrations in The Second Jungle Book and Kim. But such argument can only be accepted to the extent of expecting some slight knowledge and interest on the part of the child in the parent's particular form of art. A wild lady is depicted, the names of sons and daughters of great authors who have

not produced a paragraph worth printing, and of great painters, who could not draw a line, would be a voluminous roll. We had no right to expect illustrating ability from Rudyard Kipling. Yet it is not that, precisely how the matter stands! Has it not been taken for granted and unremarked?

Opening the pages of Just So Stories, the first picture is that of the White swan, the 'Mariner'. This, a most difficult composition, appears to have presented no obstacles. As an imaginative piece of work it is above criticism. Everything flows in, to the capricious throat; the water, raft, Mariner and Jack-knife—not forgetting the swan, so delicately traced. The technique is not a whit less excellent; the portrayal of perspective and form by means of shading."

Chiffons and other sheer fabrics in dark tones make most desirable evening gowns at this season of the year. Practical and chic for either town or resort wear, they serve double duty for the lass who plans just a short vacation in the country, and here to budget her wardrobe expenditures.

Illustrated this week is a nice example of a new style which gives you that well-dressed feeling whether you wear it beneath a tropical moon or in your favorite native costume. Of triple sheer, it is in the new sherry tone which has taken the fashion world by storm.

Rebecca was a wonderful mother. She had a passionate love for her youngest son, Karl, who combined a knowledge of his weaknesses and a deep sympathy with his conduct.

She had married a man with the name of Slopp—a very fitting one, describing his character—a ranting scoundrel who did nothing practical to make better the conditions he reviled.

Their oldest son, August, followed in his father's steps, the second son, George, a more virile character, inheriting some of his mother's sternness and his father's practicality.

WOMEN'S INSTITUTE

A Club Woman's Creed

Keep us, O God, from pettiness; let us be large in thought, in action, in deed.

Let us have done with fault-finding, and leave off self-seeking.

May we put away pretense, and meet each other face to face, without self-pity and without prejudice.

May we never be busy in judgment, and always generous.

Let us take time for all things; make us grow calm, serene, gentle, and always generous.

Teach us to put into action our better impulses, straightforward and unselfish.

Grant we may realize it is the little things which create differences; that in the big things of life we are one.

And may we strive to touch and to know the great common woman's heart of us all, and O, Lord God, let us not forget to be kind.

CELEBRATE TWELFTH ANNIVERSARY

The home of Mr. and Mrs. H. V. McLeod was the scene of a very happy gathering on the evening of January 25, when a number of their friends gathered to congratulate them on the 12th anniversary of their marriage.

The evening was spent in games, conversation and singing. A delicious lunch was served to the bride and groom.

One of the many pleasing features of the evening was the cutting and serving of a portion of what was served twelve years ago.

May the matrimonial barque of Mr. and Mrs. McLeod sail on through calm, untroubled seas, thus alike and pleasant lands close at hand.

TRINITY

By the Trinity.

In a lighted case My glance could see The perfect human Trinity.

Father and mother, Kind, serene, And the small fair head of their child between.

Humely, the man: No beauty save the soft smile of his eyes, simply contented, As folk should be.

Quietly talking, They often smiled At the small, sweet ways of their little child.

Strange that a wife Held for me The glimpse of a perfect Trinity.

AN OLD SCOT'S SAYING

THAT'S THE WAY IT IS

It's not what you see but what you feel that counts.

It's not what you say but what you do that matters.

A SERMONETTE—ENTITLED "THE PILL"

"This," he said, "is easy."

He put the pill into his mouth and swallowed. The pill lay curled under his tongue. He laughed softly and again. This time it felt into a hollow throat.

"This," he said to his wife, "is the first pill I have ever swallowed."

"Have you swallowed it yet?" she asked.

"No," he replied, "I'm just going to."

It had crept beneath a molar, and he had some difficulty in retrieving it.

It seemed absurd. He rolled it in his hand, poked the bread into his mouth, and swallowed the pill. And there it was, the subject of a Junior C. W. L. Study Club.

He did try to swallow the new pill without jam, but he was unsuccessful.

At the Capitol Next Week

"THE ARIZONIAN," ENFORCING WESTERN PEACE, IS DEEMED SEQUEL TO STAR'S "CIMARRON"

Richard Dix as Clay Talbot, Peace-maker, Said to Surpass Immortal Characterization of Yancey Cravat in Former Picture.

Bringing to the theatre-going public of Grande Prairie a new of the setting of the American West, Richard Dix in "The Arizonian," from RKO Radio, could well be called a sequel to the star's immortal "Cimarron."

Just as "Cimarron" depicted the settling of the Southwest, "The Arizonian," which will be featured at the Capitol Theatre along with "Blood Money," fifth episode of "Tarzan the Fearless," on Monday, Tuesday and Wednesday, February 3, 4, and 5, depicts the early western frontier in Arizona, and the problems confronting the citizens in bringing law and order out of the chaos created by gunmen, robbers and crooked politicians.

Dix is seen in the new production as a hard-fighting, quick-thinking marshal in a job thrust upon him in order that he protect his brother and sweetheart. It is not so much by the gun that he rules as by his superior courage and intellect. His job was one of marshaling the "Sims and Wors," a job of suppressing rather than killing the wild men of his time.

There is gun-play in the picture and action gallop, as was the case during the period upon which the production was based, but thrillers depend less upon shooting than upon suspense and twists of plot.

History has been carefully interwoven with a story of resource and conflict between law and banditry. A parallel to the story is said to have actually occurred when a famous early marshal had a like situation on his hands.

Richard Dix, famous English actress, who created a sensation in her part in "The Informer," continues her success as a leading lady in "The Arizonian." Now she displays an added talent, singing "Roll Along Covered Wagon," a cowboy ballad.

Willie Post and Edna McDaniel, two famous colored comedians, are teamed for the first time in "The Arizonian." Post was seen in "The Nitwite" and "West of the Pecos" while Miss Mc-

Daniels scored an outstanding hit as the washwoman in "Operator 13."

DEATH-DARING COMBAT WITH JUNGLE ANIMALS IN FIFTH EPISODE OF "TARZAN" FILM

Buster Crabbe Brings Full Glamour of Famous Characterization in Edgar Rice Burroughs' Serial Story, "Tarzan the Fearless."

"Tarzan the Fearless," starring Buster Crabbe, world-champion swimmer and outstanding athlete, is acclaimed a new and revolutionary idea in the production of serials. The fifth chapter of this thrill-packed adventure on the silver sheet, entitled "Blood Money," provided the kind of entertainment that is the real highlight of the screen and will be presented to patrons of the Capitol Theatre in a double-feature bill with "The Arizonian" on Monday, Tuesday and Wednesday, February 3, 4, and 5.

Large audiences on Monday, Tuesday and Wednesday of this week received the first chapters of this amazing thriller with enthusiasm. Buster Crabbe performs astounding things among the high-lights to be seen in "Blood Money" is the scene where the ape-man comes to grips with a monster gorilla and kills the beast in a fierce fight.

The serial, produced by Principal Pictures, in twelve highly entertaining chapters, recounts the adventures of a small band of explorers led by Dr. Brooke, archeologist, who have gone into the African jungles seeking to prove the existence and learn the origin of a lost white tribe. The serial deals with the capture of Dr. Brooke in the first run, his sentence to imprisonment and probable death, but he carries back to civilization tidings of the lost people and their god, Zar, of the Emerald Kingdom.

Coming chapters recount the amazing adventures that befall the explorers in their search for the treasure of the lost tribe. The serial follows the Lost Tribe of Zar and the heroic deeds of Tarzan in saving the explorers from the hands of the natives and the savage beasts of the jungle.

"After Office Hours" Offers Outstanding New Year in a Society Murder Mystery Which Combines Comedy, Mystery and a Delightful Romance.

Spaced action and romance are the high points of "After Office Hours," new Metro-Goldwyn-Mayer production playing at the Capitol Theatre on Thursday, Friday, and Saturday, February 6, 7, and 8.

A fast-moving story of adventurous romance, it deals with a society murder mystery and a background of modern-day newspaper life.

Two famous stars, never teamed before, share honors. They are Clark Gable and Constance Bennett, who are slated to go a long way as a team. Indications are that they will follow in the footsteps of the famous Crawford-Gable and Shearer-Gable combinations, so popular with fans.

Harbored Editor In this film Gable plays a hard-boiled newspaper editor who is determined to get his story even though it requires the tactics of the Northwest Mounted Constable. Bennett plays his beautiful society reporter -- and romantic nemesis.

When the editor, out to "break" a threatening scandal, runs into a cold-blooded murder, excitement begins. Talker, "After Office Hours," the audience knows who is the murderer, then enjoys watching the mystery unraveled by a trained newspaper investigator.

Large audiences enjoy the support of a brilliant featured cast, which includes Stuart Erwin as Gable's unimpeachable photographer, Billie Burke as Miss Bennett's wealthy mother who isn't different from a "society" and a second, Harvey Stephens as the handsome "other man," Katharine Alexander as a near-sister, Louise Charles Richman as the publisher and Hale Hamilton as the man falsely accused.

Robert Z. Leonard, the director who has a knack of hit just once every year, has been early. The pace, suspense and smooth flow of the new picture reflect the director's skill.

Settings, costumes and photography are above even the high Metro-Goldwyn-Mayer standard.

James II had carried with him to the safety of exile.

In the latest century came a change. Fifth of the same name was placed upon his ancestor had the same symbolic crown of a nation that had served to an empire. Father McGuire then directed the attention of the congregation to the special obligation of the sixty million loyal Catholic subjects of George V. Over and above the general gratitude, how grateful they were to that noble far-famed Prince who in 1910 stood four-square against a section of the coronation chair which was too cruel and unmercifully kindless toward a great section of his worthy subjects.

"When this steadfast earnest protestantism was placed even to the danger point of clinging to the principle of justice and charity at the sacrifice of the crown, the coronation oath was adapted to the noble principles of the prospective king, never more to be a source of grief and sorrow to the recipient of the crown or to cast aspersions upon the subjects of his world-wide authority.

King George and Queen Mary stood for stability in the darkest days of the Empire, stood for the sanctity of marriage and home when it was subjected to scorn, ridicule and near ruin by the powerful enemies of those two great pillars of all empire.

When McGuire terminated his sermon, saying, "We mourn a king who has served God and his fellowmen so diligently that God will not give him one line of grief."

Following the sermon, the celebrant and sanctuary boys gathered about the honorary caixone draped with the royal colors of mourning and surrounded by the six lighted Trinity candles. Prayers for the dead King from the Book of the Mass were intoned, and a reading of the canon for the deceased, Edward VIII, for the grace of God in the high and heavy burdens in the government of the realm.

Benediction concluded the evening devotion.

In those radio talks of his at Christmas, when he spoke to us as the head of the household speaking to his family, "Not Christmas will seem strange without a message from that quiet voice. No one realized more clearly than our late king the responsibilities that go with high office.

"Other kings have been given names that have applied the principles of their lives: we speak of Edward the Confessor, and Edward the Peace-maker. I think of the peace in the world. The keynote of all his activities was gentleness, self-sacrifice of personal comfort or personal desire was too great when there was a royal duty to be performed. Even in his later years he was only too willing to expose himself to inclement weather if some ceremony of state demanded it.

"This man was King in England's direct need: In the black-battled years when hope was gone. His courage was a flag, men rallied on. His steadfast spirit showed him King indeed.

"And when the war was ended, when the thought of revolution took its hideous place, his courage and his kindness and his grace scattered the darkest of his ministers to naught.

"No King of all our many, has been proved by time as sage to the thrones of kings. Nor won more simple triumph over fate. He was most royal among royal men. Most thoughtful for the meanness in his state. The best, the gentlest and the most beloved."

Memorial Service With the Curlers

At Rio Grande In Honor Of King

(Continued from Page One)

The coming Grande Prairie Memorial service to be held during the week of February 10 to 15 is expected to be the largest in the club's history.

The committee on prizes are busy and to date have gathered some beautiful trophies, ones that are well worth a long day's battle for.

There will be six or seven sheets of ice available to run the "spoil off" and every curler will be expected to see that the victors are well taken care of.

To avoid delay, it is the wish of the draw committee that all visiting rinks intending to enter the bonspiel get their entries in to the secretary, Mervyn Lewis, as soon as possible.

Saturday last C. R. McKay took his local rink--Gordon, Orr, third, Don Tanner, second, Alex Fink,--played a challenge game for the Hugh Allen Cup, held by Palmer's rink of Wembley. The loss was in good condition, but tricky in spots.

Fourteen ends are played in contests for this cup, but McKay's rink secured a good lead early in the game and at the end of the twelfth frame Wembley players said good enough.

After the game the Grande Prairie curlers were guests of the Wembley rink. A pleasant evening was spent and the Grande Prairie quartet then wended their way home with the beautiful trophy.

Thursday evening (tonight) McKay's rink are to defend their prize against a rink from Clairmont shipped by R. A. Trout.

A big improvement to the rink is three Scotchmen donated by Orr, Hartman. Now spectators can see the scores without straining their eyes.

The Grande Prairie Curling Club square draw is nearly finished. There have only a few names left to wind it up. Dr. Haynes' rink will no doubt be in the final in the first half of the square draw, with only one more game to play against Butcher's rink.

The other half of the square draw is tied with two losses, Dalgleish and Duncan, and one game each to play. The finale of the square draw will be played on February 6 or 7.
